Create Covid-19 Red Shield Boxes

The Salvation Army — Doing the Most Good®
National Capital Area Command

What Can I Do?

We are collecting items for seniors and vulnerable populations. You can help by creating care packages from the security of your own home and safely dropping items at our locations:

- Canned soups and other dry and canned foods
- Sanitizing supplies (ie, soap, bleach, sanitizer, cleaners)
- Diapers and baby wipes
- Socks, hats, gloves and toiletries
- Large-font activity books like sudoku
- Grocery store gift cards
- Un-opened food to be cooked for 120 homeless neighbors served nightly by our Grate Patrol Program
- Donate online: www.salvationarmynca.org/covid19

Safety First

Safety is paramount. Please follow these precautions:

- Do not purchase items or prepare and drop-off items if anyone in your home is sick.
- While packing and dropping off goods, wash hands frequently and avoid touching your face.
- During drop-off, please leave food at the front and follow social distancing procedures.
- Donated items must be unopened and not expired.
